## ABOUT US

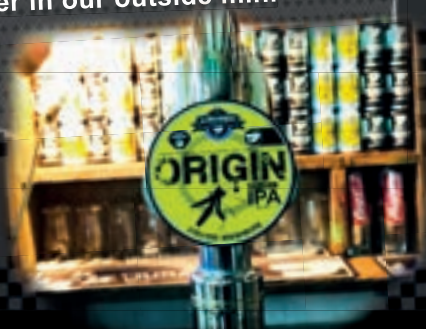

In 1996 DBC rekindled an 800 year old brewing tradition in Weymouth with a classic mini tower brewhouse sited in the old brewery buildings beside the quay.

In 2011 the plant was upgraded to a larger bespoke spring fed brewery close to the Jurassic Coast in Crossways with a brewhouse capable of crafting more than 2 million pints a year.

By 2019 , we had opened our on site Jurassic Tap Room and merchandise pick-up service to compliment our on-line shop.

At DBC , the focus is always on quality using the best ingredients, locally supplied where possible. We follow traditional methods even when we introduce new modern beer styles to our range and use no artificial flavourings, additives or animal products to craft our beers.

For all our curious visitors , we have now resumed our weekly guided brewery tours and on sunny days our visitors will be able to enjoy their beer in our outside mini Chesil beach seating area.
